COURSE CONTENT

The course deals with the principles of tax legislation in Greece. It touches on a wide range of subjects of the Greek Accounting Standards and the Income Tax Code and will help students understand the fundamentals of tax legislation in Greece. Specifically, after a short introduction to the way the tax legislation is structured in Greece and the way taxes contribute to the country's revenues, we focus on specific subjects of the Greek Tax Legislation such as the bookkeeping and financial statements obligations as well as income tax legislation on personal and business income.
